

Dear Totem Association,

Jenna is running for the Member at Large Instructional position on the Totem Board for all Paraprofessional Educators throughout the Anchorage School District. Jenna is an accomplished senior Para at Kincaid Elementary School and she is passionate about helping her fellow Paras. Jenna has been a Para within the Special Program Special Education Life Skills department for 5 school years.

Jenna was the voice that was used during a school board meeting back in January 2024 where State legislators were watching and advocating for better funding for better wages for support staff as well as the BSA. Jenna believes in continuing to advocate for a livable wage for her Totem peers and has spoken passionately to the school board.

Our Life Skills Program at Kincaid Elementary has been selected for the Denali Award. Through this position Jenna has fought hard for five consecutive school years and believes there is more to bring to the table in helping all of her Totem peers.

Jenna has no doubt that she is deserving of the Member at Large Instructional Position on the Totem Board. Thank you for taking your time and consideration.

Sincerely,

Jenna Gulley
